I love to place the tree in the ground, making sure not to disturb the roots which will be the tree's support. I love to water the trees. I love to pour the water on the trees knowing that it will grow. One of my favorite things about trees is that they are fun to climb. I started climbing trees when I was very little.

But even coffee-ground gardening advocates include a few words of warning. Coffee grounds are highly acidic, they note, so they should be reserved for acid-loving plants like azaleas and blueberries. And if your soil is already high in nitrogen, the extra boost from coffee grounds could stunt the growth of fruits and flowers.

I love how different The Discovery Tree of Love is different than couples counseling. The author, Yorit Tal speaks from personal experience so it is very easy to relate. It is a true "self help" book because it actually does help you and changes your whole view on relationships. You will feel positive, hopeful, and inspired after reading this book.
