The Miele S658 Blue Moon was one of Miele's top canister vacuum models in its day. It featured leading components like the SEB236 Carpet Powerbrush with light and ergonomic handle with controls. Folks who purchased the Blue Moon were drawn to the high-quality filtration. The HEPA filters and bags provided incredible air quality.

Miele USA has discontinued the old style HEPA Filters with Active Carbon. They have been replaced by the new HEPA Filters with the TimeStrip system. The advantages with the new filter is the time strip, which when activated, causes a chemical reaction over a years worth of time, letting you know when it's time to change the filter.

...

I have a Miele Blue Moon Canister Vacuum Cleaner. Symptoms: It will not run whenever the hose is plugged into the canister and the canister is closed. 1. If I remove the hose from the canister it starts running. 2. If I leave the hose attached and open the canister to look at the bag, it starts running. This has happened before.
