Museums Monuments And National Parks

Museums, Monuments, and National Parks is an important addition to the literature on the history of the National Park Service as a public history institution and of public history as a government job."—

Museums, Monuments, and National Parks: Toward a New ...

In *Museums, Monuments, and National Parks*, Meringolo traces the beginnings of public history to the creation of national parks beginning in the late 19th century. In the prologue, Meringolo argues, "The goal of this book is to illuminate the cultural roots of the work we now call 'public history' so that we may more fairly and more accurately define and critique it" (p. xxix).
