The Competing Values Framework: Strategic Implications for Organizational Culture Assessment Instrument

The Competing Values Framework (CVF) consists of four Competing Value sets that correspond with four types of organizational culture:市场导向 (market orientation), 市场导向 (market orientation), 市场导向 (market orientation), 市场导向 (market orientation). Quinn and Cameron's extensive research showed that most organizations develop a dominant culture.

The Competing Values Framework: Strategic Implications for Organizational Culture Assessment Instrument

The Competing Values Framework is an eminently practical tool to help analyze not only the individual but also the organization. It can be used to help organizations develop their cultural model and build culture. Furthermore, it can be used to assess organizational culture.
